

OUR COMMITMENT TO EDUCATION

Biosound Esaote is recognized as a leader in ultrasound education for physicians and technicians, offering SDMS accredited education programs that address the rapid pace of change in technology and applications.

Combining classroom training with hands-on scanning, Biosound Esaote courses allow participants to practice newly acquired skills in simulated clinical settings under the guidance of expert instructors. Our teaching staff of registered sonographers and cardiovascular clinicians is joined by recognized leaders in cardiac and vascular imaging who contribute their expertise on a variety of ultrasound techniques and applications.

To date, more than 6,000 medical professionals have benefited from continuing education programs covering all aspects of cardiovascular ultrasound. Biosound Esaote welcomes the opportunity to share in your continuing medical education as well.

Following is a listing of our 2006 course offerings as well as a course schedule. To register for any of the courses, please complete the registration form included in this brochure and return it to our Education Department at 317 813.6600 (fax).

For additional information contact our Education Department at 800 428.4374 option 3, or visit www.biosound.com.

We look forward to seeing you in 2006.

GENERAL INFORMATION

(For courses held in Indianapolis)

LOCATION

All courses are conducted at the Biosound Esaote Education Center, 8000 Castleway Drive, Indianapolis, Indiana 46250.

FLIGHT ARRANGEMENTS

Each attendee is responsible for making flight arrangements into the Indianapolis International Airport. Please plan to arrive the evening preceding the first day of class.

HOTEL RESERVATIONS

A Biosound Esaote corporate rate is available at the Courtyard Marriott Castleton for seminar attendees through the duration of the course.

Courtyard Marriott Castleton

8670 Allisonville Road

Indianapolis, Indiana 46250

In-house reservations: 317 576.9559

(Please specify Biosound when reserving your room)

Attendees are responsible for making their own reservations and for all hotel costs.

TRANSPORTATION TO THE HOTEL

The Indianapolis International Airport is approximately 40 minutes from the Marriott and Biosound Esaote. All major car rental agencies are available.

Limousine service is available through the following companies:

Tim's Limousine

317 431.6257

When making a reservation be sure to mention that you are attending a Biosound Esaote course.

Carey Indiana

317 241.7100

When making a reservation you will need to provide your name, arrival date and time, airline, flight number and your city of origin.

TRANSPORTATION TO THE SEMINARS

The Marriott will provide a shuttle to and from Biosound Esaote each day of the course.

The Marriott also provides shuttle service to local restaurants and shopping until 10:00 pm daily during the course sessions.

ATTIRE

Attire is business casual during the week and casual on weekends.

MEALS

Lunch will be provided each day.

	COURSE	OVERVIEW	CME CREDITS*	TUITION
Echocardiography Series	Basic Echocardiography & Cardiac Color Flow Mapping	A four-day program provides physicians and sonographers with a basic understanding of adult echocardiography. Program focuses on proper scanning protocols and techniques of 2D, M-mode, Doppler and CFM examination. Hands-on scanning sessions provide practice in a simulated clinical setting.	19.5 CME credit hours	\$795.00
	Advanced Echocardiography: Introduction to Common Pathologies	A three-day course provides physicians and advanced sonographers with an introduction to common cardiac pathologies focusing on M-mode, two dimensional and cardiac Doppler findings. Program also includes hemodynamic calculation and measurement analysis and reporting.	19.5 CME credit hours	\$795.00
	Basic Stress Echocardiography & Contrast Imaging	A two-day basic seminar offers an opportunity to examine stress echocardiography and contrast imaging for sonographers and physicians. Seminar combines in-depth instruction and case review sessions with hands-on image acquisition.	9.0 CME credit hours	\$795.00
Vascular Series	Intro to Vascular: Carotid & Venous Duplex Imaging	A four-day course introduces sonographers to the theory and techniques of vascular ultrasound. Program focuses on cerebrovascular and venous duplex imaging, emphasizing proper system operation and diagnostic interpretive criteria. Extensive hands-on scanning sessions provide practical clinical experience, with option of concentration on carotid or venous imaging.	16.4 CME credit hours	\$795.00
	Peripheral Arterial & Bypass Graft & Stent Imaging	A one-day course for physicians and advanced sonographers that focuses on proper technique and diagnostic criteria. Emphasis is on peripheral arterial duplex imaging, arterial bypass graft and stent post-operative evaluation. Normal images and diagnostic criteria for interpretive consideration also covered.	6.0 CME credit hours	\$495.00
	Abdominal Vascular Duplex Imaging	A two-day lecture session for physicians and advanced sonographers. Focuses on proper technique and protocol for scanning renal artery, mesenteric artery and portal and hepatic venous system. Normal images and diagnostic criteria for interpretive consideration also covered.	8.0 CME credit hours	\$795.00
	Venous Interpretation	A one-day program is designed for physicians who have recently entered the field of diagnostic vascular ultrasound. Course focuses on venous lectures and case study review.	6.0 CME credit hours 12 combined credits for Venous & Carotid Interpretation	\$495.00 Tuition for both Venous & Carotid sessions: \$795.00
	Carotid Interpretation	A one-day program is designed for physicians who have recently entered the field of diagnostic vascular ultrasound. Course focuses on carotid lectures and case study review.	6.0 CME credit hours 12 combined credits for Venous & Carotid Interpretation	\$495.00 Tuition for both Venous & Carotid sessions: \$795.00
Abdominal Series	Introduction to Abdominal Imaging	A three-day course introduces sonographers to the theory and technique of abdominal small parts scanning. Program focuses on anatomy and basic scanning protocols for abdomen and small parts.	12.0 CME credit hours	\$795.00
	Advanced Abdominal Imaging	A two-day course that focuses on common pathologies of the abdomen and small parts. Identification of normal structure to appreciate issues of pathology identification and proper scanning techniques.	10.0 CME credit hours	\$795.00
	Duplex & Color Flow Mapping for Abdomen	Thorough one-day course intended to provide a foundation in color flow mapping for those involved in abdominal and abdominal vascular scanning.	6.5 CME credit hours	\$495.00

All Continuing Medical Education credits are awarded by the Society of Diagnostic Medical Sonography (SDMS).

2006 COURSE SCHEDULE

	COURSE NO.	COURSE DESCRIPTION	CME CREDITS*	COST	JAN	FEB	MAR	APR	MAY	JUNE	JULY	AUG	SEPT	OCT	NOV	DEC
Echocardiography Series	01	Basic Echocardiography & CFM	19.5	\$795		17-20		21-24			10-13		15-18			1-4
	02	Advanced Echocardiography Common Pathologies	19.5	\$795							14-16				10-12	
	03	Stress Echocardiography & Contrast Imaging	9.0	\$795				25-26						19-20		5-6
Vascular Series	04	Intro to Carotid & Venous Duplex Imaging	16.4	\$795			5-8		8-11			13-16		15-18		
	05	Peripheral Arterial & Bypass Graft & Stent Imaging	6.0	\$495					12							
	06	Abdominal Vascular Duplex Imaging	8.0	\$795						11-12						
	07	Venous Interpretation	6.0	\$495			9								19	
	08	Carotid Interpretation	6.0	\$495			10								20	
Abdominal Series	09	Introduction to Abdominal	12.0	\$795						5-7						
	10	Advanced Abdominal	10.0	\$795						8-9						
	11	Duplex & CFM for Abdomen	6.5	\$495						10						

*All Continuing Medical Education credits are awarded by the Society of Diagnostic Medical Sonography (SDMS). Dates are subject to change. Please call Biosound Esaote at 800 428.4374, option 3 to confirm dates and availability. Visit our Web site for the latest education announcements and offerings. www.biosound.com
